

Appointment Procedures during COVID-19:

We will be limiting the amount of patients scheduled and requiring appointments for all optical visits. (New fittings, adjustments, repairs, dispenses.) This ensures we can fully devote our time to each patient while maintaining as much social distancing as possible.

Please call us from your car when you have arrived. We will perform as much of the check-in as possible over the phone and then let you know when we are ready for you to come in.

If you are sick or have been in contact with someone who is, please reschedule your appointment. Please do not request glasses adjustments or repairs until symptoms have fully resolved.

Masks will be required to enter the clinic. Masks will be available for a \$2 donation that will go to Villa St. Vincent or we can reschedule your appointment.

Please come to your appointment alone if you are able to. If assistance is needed please limit guests to ONE.

Continue practicing good hand hygiene-we have sinks and sanitizer available for your use.

Our door may be locked during normal business hours to limit the amount of patients in the building at one time. If you arrive and the doors are locked please call us to see if we have immediate availability or to schedule an appointment.

As always, please bring your current insurance cards and a list of medications to each visit.

If you have concerns or questions please call us.
